2022 BOE Project Delivery Fundamentals Virtual Course

The Project Award and Control (PAC) Division under the administration of **Jonathan Carroll**, Senior Management Analyst II and Assistant Division Manager provided the *2022 Bureau of Engineering Project Delivery Fundamentals* class. Instruction launched on March 30, 2022 in an entirely virtual/remote learning format.

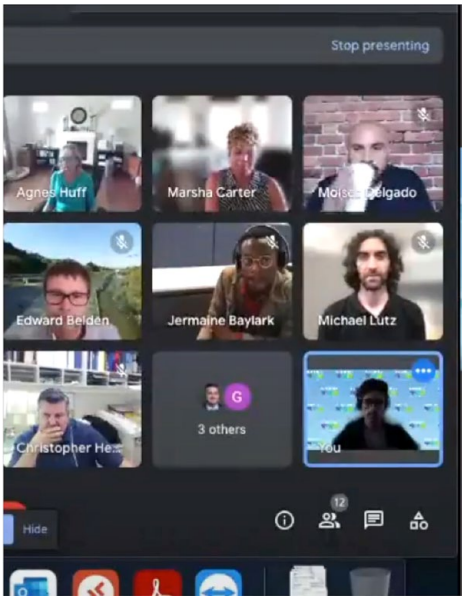

The class of 56 students came from the Bureau of Engineering and also the Department of Transportation, Recreation and Parks, StreetsLA, and General Services Department.

The final day of instruction was on July 6, 2022 after convening weekly for 15 weeks. Over 50 senior BOE staff members shared their expertise on Planning, Predesign, Design, Sustainability, Racial Equity, Project Delivery Methods, Scheduling, Presentation Skills and Client Relations, among other topics. All 56 students passed the final exam and earned a certificate of completion. Congratulations go to:
